EASY CLEAN

Most common household spills like coffee, ketchup, or wine can be removed by simply blotting the area with a paper towel and applying water or a mild soap solution.

WATER RESISTANT

They create a barrier against moisture, either completely blocking water (waterproof) or causing it to bead up and roll off the surface.

STAIN PROOF

The fabric is treated with a protective layer (like AquaClean or FibreGuard technology) at a molecular level that stops dirt from setting in.
